

Discover dispensing the way it's meant to be – simple, fast, reliable and flexible – with **Fred Dispense**, the pharmacist's favourite.

Minimal keystrokes, fast access to patient history, instant checks on repeat prescriptions and workflow designed by pharmacists combine to ensure that easier, faster, and more efficient dispensing is within reach.

DISPENSING MADE EASY WITH FRED

FEATURES

- Fred Office Integration
- eMIMS for Pharmacy link
- Quick Order Pad link with Fred POS
- eRx functionality enables prescriptions to be securely transmitted and stored electronically at the eRx Script Exchange. These can then be retrieved by any eRx pharmacy, anywhere in Australia
- Conversions integrate completely into Fred Dispense. This means that safety net reports can be run from the system on the converted history and your script repeats can be dispensed in Fred Dispense
- Links with 16 various POS systems
- Consis Automatic Dispenser Integration
- Fred Pak integration
- Barcode Scan Check functionality
- Automated internet updates
- Fred Debtors link
- Medicare Card Swiper enabled
- MedsIndex
- ScriptMAP
- Drug Management

PUTTING PATIENTS FIRST

- Review your patient's history at any time with a single key press
- View all outstanding repeats at any time, simplifying the issue of lost repeats and allowing immediate dispensing of any repeat shown
- Do price checks even while dispensing without losing your place
- A simple scan verifies the correctness of the details before you print or commit the script to storage

MAKE THE SWITCH TO ONLINE CLAIMING WITH PBS ONLINE

- Receive a 40 cent incentive for every claimable prescription and build on Fred's expertise and leadership in the very first PBS Online trials
- Enjoy faster cash flow
- Check eligibility immediately
- Updates Medicare issue numbers automatically if available
